Blue Man Boycott Coalition

Dear Colleagues:

We confirm that contracts for performers, musicians and technicians working on the Blue Man Group production in Berlin, Germany fall under the scope of the collective agreement with ver.di.

We pledge our support for Equity, IATSE and the TMA's boycott efforts in Canada and encourage the Blue Man Group to enter into negotiations for fair and equitable contracts with the performers, musicians and technicians' unions immediately.

The Blue Man Group has adhered to union agreements in Berlin and there is no reason why this should be any different in the Toronto community.

Sincerely,

Wolfgang Paul
